

Design Innovation. Exceptional durability. Individualized service...and competitive prices—that's Vega Molded Products!

Innovation.

Our 30-year record of highway marker design ingenuity includes numerous U.S. patents.

Full-Service Expertise

At Vega, every step of the production process is under one roof; from expert tooling through molding, fabrication and final quality inspection.

Extra-Rugged Construction.

The better a marker is made, the longer it lasts. That's why we make it our business to manufacture products with exceptional strength and durability. High-quality recycled materials—combined with proven production methods—makes it possible. The result? Lower marker replacement costs.

Individualized Service.

We understand the importance of individualized service. In this way, you're assured of accurate orders and quantities that meet your specific needs. Importantly, at Vega, there's no such thing as a minimum—or maximum—quantity order.

Competitive Prices.

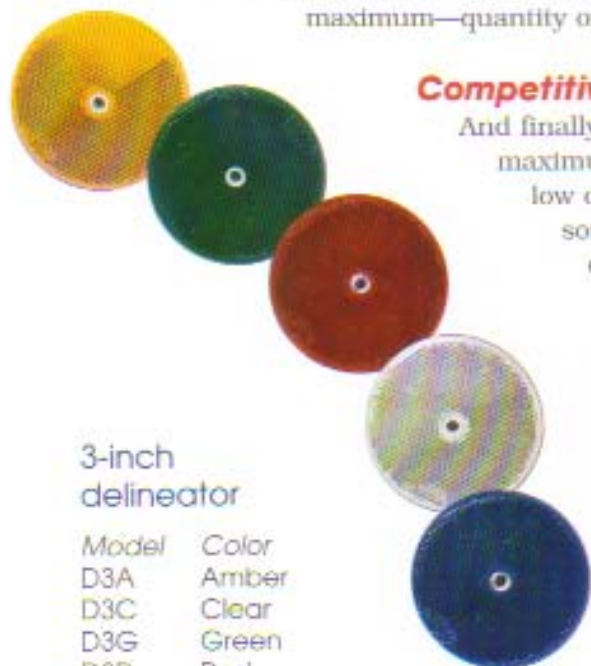

And finally, skillful material sourcing, maximum production efficiency and low overhead enable us to offer some of the industry's most competitive prices.

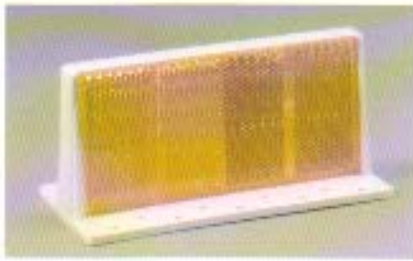

Your Best Choice.

For innovative, high-quality highway delineation products—at extremely competitive prices

3-inch
delineator

Model	Color
D3A	Amber
D3C	Clear
D3G	Green
D3R	Red
D3B	Blue

Barrier Marker

Model	Description
JD-1	one-way
JD-2	bi-directional

Patented housing features expanded adhesive surface area. Individually sealed lenses prolong marker use life.

Temporary Marker

Model	Description
RM1	one-way
RM2	bi-directional

This marker features patented "Easy-Grip" design for faster mounting and greatly improved alignment accuracy.

Guardrail Marker

Model	Description
GBM-1	one-way
GBM-2	bi-directional

Special winged design eliminates costly metal mounting brackets.

Easy-Grip 4" x 4" Marker

Model	Description
441	one-way
442	bi-directional

Flexible Barrier Marker

Model	Description
FBM1	one-way
FBM2	bi-directional

2" x 4" Snow Plowable Marker

Model	Description
124	one-way
224	bi-directional

Curb Marker

Model	Description
CM1	one-way
CM2	bi-directional

Rail Post Marker

Model	Description
RPM1	one sided
RPM2	bi-directional

Highway Marker Adhesives

Model	Description
001	guardrail
002	all-purpose

Reflectors available in standard amber, clear, green, red and blue.
